

# 036Q140

## TECHNICAL SPECIFICATION

|                                 |                    |
|---------------------------------|--------------------|
| Product:                        | 036Q140            |
| Work Size:                      | 215 x 102.5 x 65mm |
| Colour:                         | Brown              |
| Variation/Texture::             | Light              |
| Soluble salts:                  | S2                 |
| Durability against freeze/thaw: | F2                 |
| Strength:                       | 75 N/mm2           |
| Absorption:                     | 7%                 |
| Manufacturing:                  | Wirecut            |
